

# **ARKANSAS CENTRAL CANCER REGISTRY**

## **Start Your Engines: Cancer Registry, a Well-Tuned Team June 1, 2005 – June 3, 2005**

Cancer Registry needs a well trained “pit crew” – members that are experts in their jobs pulling together...it’s not just the driver who runs and wins the race.

### **OBJECTIVE:**

This course is designed to enhance the abstracting skills of cancer registrars and to clarify some abstracting guidelines. Also designed to present relevant information of new cancer registry knowledge along with current trends and advancements in the field of Hematology/Oncology. Additionally to present ideas to the registrars of ways they can utilize their data to heighten the visibility and usage of their registries and facilities.
